

### P. C. Designs Pledge

My name is Eric Evans and I own P. C. Designs. My job is to be your computer consultant, solve and correct any problems, and continually maintain and update your computer service and programs to keep pace with the rapid changes in business applications so you stay ahead of the competition.

### **Free Consultations**

All initial consultations to analyze, repair, or design your system, or network your home or office is absolutely free of charge or obligation.

### **Regular, on site, system maintenance programs**

Perform system checks, updates and maintenance as required on a regular schedule designed around your business needs.

Training for all personnel on initial software installation, plus any subsequent reinforcement training necessary.

## **RATE**

\$50.00 per hour

## **P. C. DESIGNS**

Your Computer Solution Center

Technology is an ever-increasing necessity in the business community. Getting the job done faster and more efficiently gives you the edge.
